Number 1 for your digital print needs

creative  
digital print

Thank you for taking the time to read this letter and allowing me to introduce Creative Digital Print and its services.

Over the last 25 years, Creative Graphics have provided a comprehensive design and marketing service to its many and varied client base throughout the UK. From the days of traditional print-based marketing, we've continually embraced and taken onboard new technology and marketing techniques - website development, E-commerce, E-shots and social networks increasingly play a major role within our marketing services. That said, we still see the need for a fast, reliable and efficient local print service that combines traditional quality with recent technological advances.

## introducing creative digital print

With the acquisition of a new digital print production press, we can now offer short run print-on-demand at exceptionally low prices. No need to print in volume to get the unit cost down - just print the quantity you need, when you need it and benefit from:

- Litho quality impression and colour control
- Experienced print professionals
- Vastly reduced printed stock requirement
- Same day service
- Runs from a few to a few thousand
- Variable data printing
- Printing from existing artwork in any file format

**As an introductory offer to local businesses, we're offering you an extra 10% discount on all orders up until the 30th November 2010.**

Furthermore, if you're not entirely satisfied with our service or quality, we'll give you your money back - Guaranteed!

For more information or a quotation contact Creative Digital Print on **01706 818163** or email [tazi@creativegraphicsuk.com](mailto:tazi@creativegraphicsuk.com).

Yours sincerely,

G. Fisher

Gary Fisher  
Managing Director

## digital printing
